Samaritans, Inc is a nonprofit organization devoted to preventing suicide offering hope, providing support for those impacted, and to making a difference in the community.

Founded in 1974, Samaritans is a suicide prevention agency providing compassionate and nonjudgmental befriending services to all in Greater Boston and across MA. Samaritans is an important part of the national network of suicide prevention crisis centers. We provide three programs: 24/7 Crisis Services (phone and text Helpline and dedicated teen text line), Community Education and Outreach, and Grief Support. Our signature practice of befriending those who call or text our toll-free Helpline, combined with tailored community education and outreach, ensures a caring listener is available to anyone with suicidal ideation or intent to self-injure.

We provide the highest quality programs developed through research and based on best-practices that benefit all residents in our city and surrounding areas. We ask that you consider supporting our cause. Funds from the will be used to expand and enhance our existing programs (listed below). Samaritans, Inc. relies on support of generous donors such as you. Your donation will help ensure the success of our future as we continue our work to support communities and individuals impacted by suicide.
